

Glassdoor Names USI Among the 'Best-Led Companies' in the US

USI is proud to be named a winner of Glassdoor's inaugural award for Best-Led Companies in the nation, ranking as No. 11 among companies across all industries in the U.S. with 1,000+ employees, and the only insurance brokerage firm among the recognized top 50.

This award honors companies with leadership teams that go above and beyond to redefine the employee experience. Notably, unlike some workplace awards, Glassdoor's awards importantly include and rely upon input over the past year from employees who anonymously submit a company review on Glassdoor. The Best-Led Companies 2024 are determined using Glassdoor's proprietary awards algorithm, and each leadership approval rating was determined based on the quantity, quality and consistency of Glassdoor-approved company reviews submitted by U.S.-based employees between March 1, 2023, and February 29, 2024.

“

“The honor of being recognized among the top companies across all industries, and the only insurance brokerage firm to be recognized, is a direct reflection of and credit to USI's more than 10,000 team members who create, innovate and demonstrate USI's ONE Advantage in our work with clients each and every day.”

- Michael Sicard, Chairman & Chief Executive Officer, USI

“Our people are the driving force behind our firm's success, and we have worked tirelessly to create a people-focused culture that delivers a differentiated employee experience. There are [nearly 25,000](#) companies across the U.S. with 1,000 or more employees, so to appear on this list is truly an honor.”

- Kim Van Orman, SVP & Chief Human Resources Officer, USI
