**USI Insurance Services Named to Forbes Best Employers List**

*Survey Ranks USI among America's Top 500 Large Employers*

**VALHALLA, N.Y., May 4, 2018** – USI Insurance Services (“USI”), a world leader in insurance brokerage and risk management across property and casualty, employee benefits, personal risk and retirement consulting, has been named to Forbes list of *America's Best Large Employers*.

“The passion, dedication and commitment of our people are the heart of everything we do,” said Kim Van Orman, USI’s senior vice president and chief human resources officer. “We are honored to see USI recognized as one of the Best Employers in America. We have worked hard to invest in our associates and to create one of the most dynamic personal and professional development cultures in the industry.”

Michael J. Sicard, chairman and CEO, USI said: “We are thrilled to be recognized by Forbes as one of America’s Best Employers and top ranked as one of only two insurance brokerage and consulting firms on the list. USI has a passion to be different and better – for our clients, communities, and team members, emerging as a new force in the insurance industry and as a leader across companies of every industry. It’s how we connect together as ONE to create the USI ONE Advantage® that makes USI such a special place to be.”

Forbes partnered with independent market research company Statista to survey 30,000 individuals about their employers. Participants were asked to anonymously rate their employers on work-related topics such as working conditions, salary, potential for development, company image and willingness to recommend their employers to friends and family. The final list ranks 500 large and 500 midsize employers that received the most recommendations. The full report is available on Forbes.com at <https://www.forbes.com/best-employers/list/>.
