Multi-Year Recognition as One of Insurance Business America's Top Insurance Employers

USI is proud to be recognized as one of **Insurance Business America's (IBA) Top Insurance Employers** for the past *six consecutive years*.

IBA's annual Top Insurance Employer program was launched in 2018 and ranks leading U.S. insurance organizations based on a series of employee satisfaction metrics, including benefits, compensation, culture, employee development and diversity. The program consists of a two-phase qualification process, including an employer and an anonymous employee satisfaction survey.
